Location	Various	
Group Nature	We are a group that is friendly to people with young children in their family (but we are not exclusive to families). Our aim is to listen to one another, pray for each other, support each other with the love of Christ, and encourage each other to grow in faith. We do this through dedicated fellowship time. We love each other and attempt to show that love to each other throughout the weeks and months by walking as closely as we can with each other even during "non-small group" times.	
Study Focus	This year we have started the book Revolutionary Parenting by George Barna. We read a chapter (or as far as we get) during our Saturday meeting times and discuss as we read.	
Children	All children are welcome on Saturdays, babies are welcome anytime.	
Childcare	No - we expect to be - and are - interrupted very often.

Study Focus	The group will focus on what it means to be Christians in the workplace. We will discuss how to be salt and light in our place of work, and how to think, make decisions, and build relationships with co-workers according to Scriptures. We start with a light dinner.
